They repeated to Rosslau.? Detween 5 and 8 January, the Jueterbog training restricted. During this period, an AT unit fire training area near luckenwalde. Seapons and vehicle are reasonable 800 meters; tractors and trucks Tun emplacements which showed the i prints of din the training area. Comment. This is the first observation of type (T-54s?) with the 7th Gds Tank Div in Dessauew-type tanks arrived in 1900 meters; tracks arrived in 1900 meters.	n of Dessau and proceeded field. Eight of the Five of the tanks had ere descrizox1 tanks, a gun of ake; turtle-shaped ewhat more to the rear: 25X1 at the Grill ground. anks, armored personnel beserved with the column dly asked for the rord g area (3209) was ed in the Forst Zinna nicles observed arrets from a distance On 9 January, 50 AT double tires were seen or Stelag I (3321) 25X1 25X1 25X1 25X1

SECRET 25X1 **-** 2 = 25X1 Comment. It is believed that, in connection with the personnel exchange, new training personnel were transferred to the 7th Gds Tank Div: it appeared therefore that the soldiers were not familiar with 25X1 the locality. 25X1 3. Corment. 25X1 the unit concerned belonged to the 14th was meet Div of the Third Gas Meez Army. This assumption is supported by the fact that no movements from other army areas were observed during the period concerned. 25X1 Comment. The rocket launchers probably belonged to the 91st Gds RI Regt of the Third Gds Mecz Army stationed in Stalag I in Luckenwalde.
